Farhan Gunawan
(Frontend Developer)
LinkedIn +628981510550 Website farhangunawan619@gmail.com Github

Skills

- Frontend | HTML | CSS | Javascript | Typescript | React | Nextjs | Tailwind | Bootstrap | MaterialUI | Wordpress | Web Design | Figma
- Backend | Node.js | Express.js | PHP | Laravel | REST API | OOP | Mysql | MongoDB | SQL | NoSQL | Web Socket | Payment Gateway

Experiences

- **Frontend Developer**
  PixelOverture · Freelance
  (Jun 2024 - Oct 2024)
  - Developing AI SAAS application for practicing English.
  - Converting designs from Figma into responsive and interactive web pages.
  - Integrating the frontend application with Payment gateway and AI backend APIs
  - Developing conversation feature using WebRTC.
  - Ensuring cross-browser compatibility and responsiveness.

- **Frontend Developer**
  ProudIT (PT. Sapta Pilar Nusantara) · Internship
  (Sep 2023 - Dec 2023)
  Improve the company branding by developing a company profile website using Reactjs and Laravel and contributing to some of the client projects as a Frontend developer. e.g Astra Honda Motor Indonesia, etc

Paid Projects

- **KuliahDiluarYuk**
  KuliahDiluarYuk is a SASS application that helps people practice English communication skills using artificial intelligence (AI). Users can improve their English skills by speaking to another person (an AI) without being embarrassed or afraid of making mistakes.
  As a freelance front-end developer, I integrated the front-end application with some APIs, such as the AI model, Payment Gateway, User plans, User Authentication, etc.
  Tech stack: React, Nextjs, Tailwind, ShadcnUI, WebRTC, Xendit

- **CBT App (Computer Based Test)**
  CBT (Computer-Based Testing) is a web application for exams, similar to Google Forms, where admins create and manage questions. It features automated grading, time tracking, and secure access, making exams more efficient and reducing cheating.
  Tech stack: Laravel, VueJS, Postgresql

- **Kencanateakfurniture.com**
  Increase company sales by developing an engaging company profile website that attracts international buyers to purchase their furniture.
  Tech stack: WordPress

- **Booking app for Markashima Wedding Studio**
  Develop a web-based application that allows clients to book wedding photography and videography services.
  Tech stack: React, Nextjs, Mysql, Tailwind
